

ML2023Spring HW7 Report

<CSIE> <許軒輔>

<410985014>

Public Score	Private Score
--------------	---------------

0.71410

0.70640

The methods I used to pass the strong baselines include:

1. I use my own lambda according to the chart.
2. Train 2000 epochs to get better result.
3. Decrease learning rate when train accuracy > 0.95 .
