ML2023Spring HW4 Report

<CSIE> <許軒輔>

<410985014>

Public Score	Private Score
0.96200	0.96033

The methods I used to pass the strong baselines include:

1. Model : Conformer

2. Normalize after the Linear and Relu.

3. Set dropout after Normalize

4. Change hyper parameters, num_heads = 1、d_model = 160
